## Details Make All The Difference

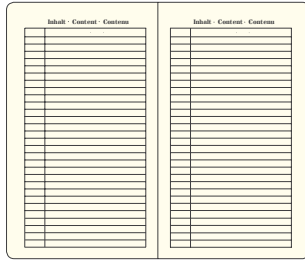

The Leuchtturm 1917 Notebooks and Journals are fast becoming the preferred choice over other brands. This is not only down to the fact that they are extremely high quality but also because of close attention paid to details not attended to in other journals and notebooks.

### Features:

- All pages are numbered so you can use the blank table-of-contents to easily find your notes.
- The last 8 pages are perforated so you can easily and tidily remove a page without any others falling out.
- There's an expandable pocket at the back to tuck extra important notes and papers into.
- A page marker to easily return to where you left off.
- Elastic band to hold the book tightly shut.
- The book is thread-bound so it opens flat
- Thick 80-100gsm ink-proof paper - no bleed-through or feathering.
- Each book includes stickers for labelling and archiving.

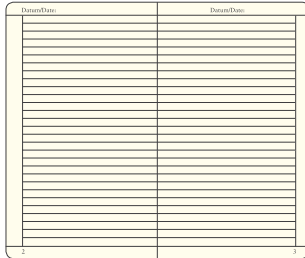

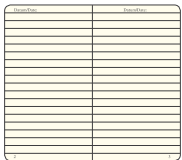

## Ruling

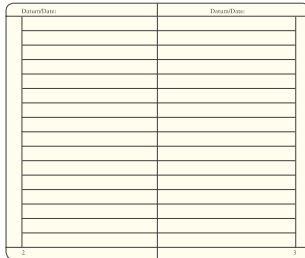

### Table of contents

All our notebooks have a three-page, tabular blank contents section at the front. All pages in the main section, whether lined, squared, dotted or blank, are consecutively numbered.

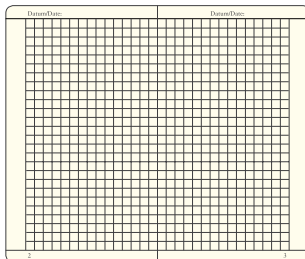

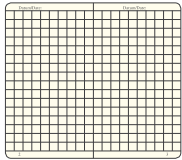

### Ruled

Lining with a spacing of 5 mm is available in all sizes. The more lightweight version of the large Master notebook, the 'Large Slim' likewise has five-millimetre spacing plus a margin for comments.

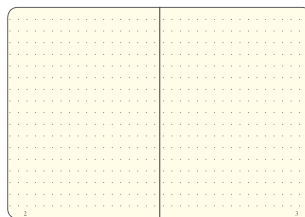

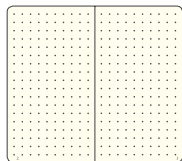

Our normal Large size features generous spacing of 8.5 mm on 233 pages and of course you will also find a margin with space for comments.

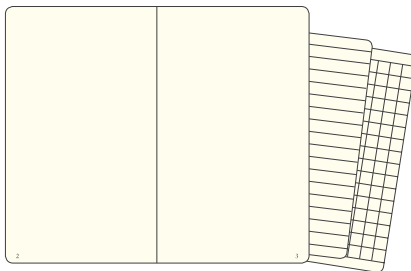

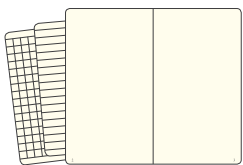

### Squared

Available in all sizes and versions: squared with precise 5 mm x 5 mm boxes. For calculations, tables and drawings. The notebooks in Large size also come with a margin.

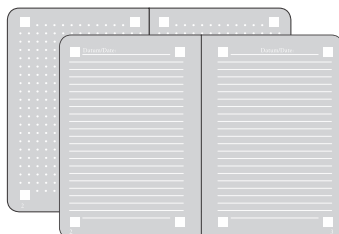

### Dotted

The essence of the three aforementioned rulings: Dots with 5 mm spacing provide guidelines for writing, assistance with creating tables and drawings and are so discrete that you could almost take the pages to be blank.

### Plain

Clear white pages. No margin, no date. Simply features the page number in the bottom corner. Every plain notebook also includes a lined and squared guide sheet.

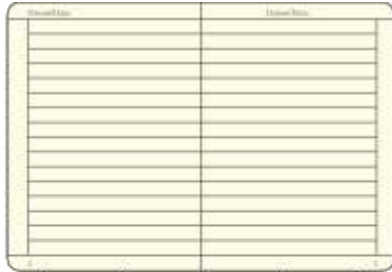

### Whitelines Link

White lines or dots on a grey background. When copying and scanning, only the text is visible (no ruling).
